### Say Clerks' Strike Would Be Backward

#### Step In Movement Toward Normalcy

CHICAGO, July 26.—(By the Associated Press)—A strike of the Order of Railway Clerks in connection with the shop crafts strike would be in the nature of a backward step in the movement toward normalcy, according to a statement issued by G. E. Galloway, secretary-treasurer and James J. Canavan, general chairman of the order, today.

### MAINTENANCE MEN THREATEN

#### STRIKE BECAUSE OF EASTERN ROADS

DETROIT, MICH., July 26.—(By the Associated Press)—A threat that the 400,000 maintenance men employed on the nation's railroads will go on strike because of alleged action of certain eastern roads in attempting to form company organizations to take the place of international railroad brotherhoods and the action of guards employed by the railroads, was made here today at headquarters of the International Brotherhood of Maintenance of Way Employees and Railway Shop Laborers.

### Grable Denies Report Of Threatened Strike

CHICAGO, July 26.—(By the Associated Press)—E. F. Grable, president of the International Brotherhood of Maintenance of Way Employees and Railway Shop Laborers, denied today reports emanating from his headquarters at Detroit that the 400,000 members of the union were threatening again to strike.  
Mr. Grable said negotiations were proceeding satisfactorily before the United States railroad labor board.

### HARDING CONTINUES CONFERENCE

#### ON THE RAILROAD SITUATION

WASHINGTON, July 26.—(By the Associated Press)—Resuming the conference through which he purposes to keep in close contact with the railroad strike situation, President Harding conferred today with W. W. Atterbury, vice president in charge of operations of the Pennsylvania railroad. Secretary Hoover also participated in the conference.

Mr. Atterbury was with the president for two hours and a half and discussed the seniority issue, generally regarded as the chief obstacle to settlement of the strike.

"The president, realizing the importance of the seniority question as the crux of the present railroad situation, desired to discuss its various angles and bearing upon possible definite settlement of the railroad problem," Mr. Atterbury said on leaving the White House. "I expressed to him the opinion that so far as the Pennsylvania system was concerned such questions could only be properly determined by our own employees and that the Pennsylvania system would be guided by any determination of the matter that our employees thought wise, fair and equitable."

White House opinion was that Mr. Atterbury's statement meant that the railroads would not yield striking shop craft workers the privilege of returning to their places on the same seniority basis that they had before going out. His declaration that the employees of the Pennsylvania would determine the road's decision was taken to mean that men hired to take the places of the strikers would be retained if they so desired.

### 40,000 Canadian Shop Employees May Go Out On A Strike

CHICAGO, July 26.—(By the Associated Press)—With the government today assuming control of freight traffic, the eastern railroads continuing efforts to form new unions of shopmen and indications from Montreal that a walk-out of 40,000 Canadian shopmen had been authorized, peace in the railway strike seemed a remote possibility. On the other hand, good will was apparent in the meetings being held at Baltimore between officials of the Baltimore and Ohio railroad and representatives of the shopmen, which have been regarded as possible precursor of other individual settlements if successful.

No further spread of the strike was looked for. A resolution adopted by representatives of nearly 300 general chairmen of the clerks and freight handlers' union declared they would resort to their "economic power" if their grievances were not adjusted, but it was believed that they would take no further strike action, pending negotiations.

Curtailment of train service during the last 24 hours was negligible. The Pennsylvania railroad issued a statement last night saying passenger and freight service had been restored to normal on that road.

Reports of violence or threatened violence were slightly increased and troops were called out in three new states.

Denison, Texas, was placed under martial law at five o'clock this morning. Governor Neff, ordered five companies of the Texas National Guard to duty there.

Three companies of Alabama state troops were mobilized at Birmingham.

Kentucky state troops were ordered to Fonda, near Jellico, Kentucky-Tennessee.

In Pennsylvania additional state troops were called, several detachments being sent to strategic points.

In Richmond, Va., a temporary injunction was granted to the Chesapeake and Ohio railway, restraining strikers from placing more than one picket at a point and from interfering with employees or property of the company.

Governor Stephens, of California, in a message to President Harding, called attention to a possible shortage of refrigerator cars for transporting fruits.

Plans have been perfected for delivering mail by motor truck at least once a day to every community in upper Michigan North and South Dakota and Minnesota comprising the tenth railway mail district.

### SYRIANS ATTACK FRENCH TROOPS

CAIRO, July 26.—(By the Associated Press)—The Syrian committee here announced that when news that the League of Nations had confirmed the French Syrian mandate was received in that country, a band of Syrians attacked French troops at Hauran, killed two officers and seven men, destroyed two tanks and captured a number of prisoners and a quantity of war material.  
The Syrians also are reported to have brought down a French airplane at Esrah and to have attacked a French outpost at Javroul, killing fifteen Frenchmen.

### Plan War On Prohibition Officers

LOUISVILLE, KY., July 26.—(By the Associated Press)—Whisky distillers from the entire country were assembled here today to "declare war" upon the national prohibition enforcement officers, according to statements of their attorneys. Support in the stand of the distillers in opposing the regulation of whisky withdrawals from warehouses, when the liquor is to be used for medicinal purposes, will come from the American Medical Association, it was claimed, as in the recent protest to Commissioner Haynes of the National Association Retail Druggists.  
Both organizations have complained of the "arbitrary rulings" placed on prescriptions and druggists by the national prohibition administration.

Charges that prohibition enforcement agents violate the law were voiced following an informal discussion here last night among early arrivals.

The distillers said they were willing to aid the government wholeheartedly providing their property interests were protected.

### Man And Wife May Serve Term For Murder

MANSFIELD, O., July 26.—(By the Associated Press)—For the first time in the history of the state's penal institutions, a man and his wife may soon be doing time for the same offense, murder, it developed here today as the result of a cutting affair here late yesterday.

Mrs. Lulu Bell Campbell, negroess, it is alleged, became enraged at Ada Brown, also a negroess, because of attentions paid the Brown woman by a man friend, accosted her on the street here and slashed her throat with a razor which resulted in her death shortly afterward.

Mrs. Campbell's husband is serving a life sentence in the Ohio penitentiary for killing his brother at Plymouth.

### Model And Ohio Student Marry

BOSTON, July 26.—(By the Associated Press)—Miss Marjorie Elsie Jenkins, model and Hurstthal F. Freese, a student at the Massachusetts Institute of Technology, and the son of a prominent family in Canton, Ohio, were married in Brookline, last evening, it was learned today.

Miss Jenkins is a sister of the wife of Hamilton Garland, a brother of Charles Garland, who recently donated \$800,000 to the American fund for public service.

### More Trains Taken Off Due To Coal Shortage

COLUMBUS, O., July 26.—(By the Associated Press)—Effective today, four trains in the Kanawha and Michigan division of the Toledo and Ohio Central railroad will be discontinued, it was announced at the company offices here. It was stated that curtailment of the four trains was due to coal shortage.

Two of the trains run between Hobson and Gauley Bridge and two between Athens and Hobson.

### St. Cloud, Minnesota, Gets Hospital

WASHINGTON, July 26.—(By the Associated Press)—Selection of St. Cloud, Minnesota, as a site for a new \$1,000,000 hospital for service men with facilities for between 250 and 350 mental cases, was announced today by Director Forbes, of the veterans' bureau.

Lieutenant John D. Price escaped unhurt when his plane crashed to the street in Dayton, O., upon his return from Cleveland. Trees and wires broke the fall.

## Women Attack Non-Union Men

TOLEDO O., July 26.—(By the Associated Press)—Forty women, wives and relatives of striking railway employees, attacked a party of non-union railroad shopmen on their way to work in the Fearing street shops of the New York Central Railroad here early today. A police response to a call for help were met with a shower of bricks and stones, which resulted in a call for police reserves.

Three patrol wagons filled with officers were rushed to the scene with orders to arrest every woman found in the vicinity.

When the reserves reached the scene of the disturbance, the women had fled, and no arrests were made.

The trouble started about seven o'clock when round house employees were met with a volley of bricks as the automobiles they occupied entered a short subway near the shops.

The women lined up on either side of the street with piles of bricks and stones beside them and as each automobile, carrying the men who are taking the places of striking shopmen, entered the subway, it was showered with the missiles. No one was seriously injured, according to police, and outside of a few broken windshields, little damage was done to the cars.

### SISTER OF VICTIM, 3 OTHERS HELD FOR MURDER

NEW YORK, July 26.—(By the Associated Press)—Miss Berta Katz, named co-respondent in a separation suit filed last November by her sister, Mrs. John J. Reiser, against "John the Barber," was shot three times and fatally wounded today in her Brooklyn bedroom. Police arrested Mrs. Reiser, her two sons, Morris and George, and the slain woman's brother, Max Katz, charging each of them with homicide.

After rushing Miss Katz to a hospital, detectives, who said they found her sister, brother and nephews in a room adjoining the bedroom, took all of them to the death bed where the detective declared, the dying woman identified Morris Reiser as the one who shot her. Her sister, Mrs. Reiser, the police alleged, declared that she and her son had done the shooting.

"I hope she dies—if she don't I'll choke her—I have been waiting a long time to get her," they quoted Mrs. Reiser as saying on the trip to the hospital.

Mrs. Reiser's husband formerly a Harlem barber, now an automobile salesman, was once manager of Jack Dempsey, it is said.

The elder Reiser, well known in sporting circles, visited the home of Miss Katz last night, the police said, and from there went to a police station and asked that she be protected against violence. A detective accompanied him back to her home, but returned to headquarters in the belief that his presence at the Katz apartment was unnecessary.

The police said Mrs. Reiser accused her husband of having been intimate with her sister for the past 15 years.

### BANDIT KILLED, DEPUTY WOUNDED

AKRON, O., July 26.—(By the Associated Press)—A posse of 100 men under Sheriff J. W. Stevens, Portage county, are scouring the vicinity of Geauga Lake for two bandits who escaped from a midnight gun battle near Aurora, in which one of their companions was killed, another seriously wounded and Deputy Sheriff Frank Corey probably fatally wounded.

Keary said that he was halted by the highwaymen after leaving the dance hall at the lake. He refused to obey their commands to hold up his hands and one of the men fired at him, the shot taking effect in his throat.

Keary returned the fire and one of the men dropped.

An unidentified farmer came to the assistance of Keary with a double barreled shot gun and fired at the bandit car. The driver turned on the gas and sped from the scene.

The car was abandoned a short distance from where the shooting occurred. Blood on the rear seat and running board gave evidence of the wounding of one of the men. A trail of blood led to the woods nearby.

The farmer who aided the deputy in the gun battle took him to a hospital at Ravenna. The sheriff was notified and a posse immediately organized.

An hour after the shooting the dead bandit was found in a ditch along the road. The posse trailed the bandits by the blood left by one of the wounded men. They had not caught up with them at an early hour this morning.

### Sharp Note To Be Sent To Germany

PARIS, July 26.—(By the Associated Press)—The council of ambassadors decided today to send a sharp note to the German government demanding the immediate destruction of the fire control and range finding school which the German naval authorities have quietly established at a strategic point on the Kiel Canal.

Allied expert opinion has declared the school convertible into a fort commanding the entrance to the canal.

Allied control officers who reported the school to the council, termed it the most flagrant of the long series of violations of the naval terms of the treaty of Versailles on the part of Germany.

Experts reported these violations to have extended over a period of two months and strongly urged action by the council. Among other charges made against Germany was that of attempting enlistments for the German navy beyond the quota allowed by the treaty. Failure of the Germans to destroy the coast defense guns was also among the complaints.

### Slain In Restaurant; Woman Involved

CLEVELAND, O., July 26.—(By the Associated Press)—A man, believed to be Edward O'Connell, of Cambridge, Massachusetts, was shot and killed in a downtown restaurant here early today during an alleged altercation in which a young woman is said to have become involved.

O'Connell was spending his vacation at Geneva-on-the-Lake, a summer resort east of here.

Police say the woman fired the fatal shot and her companion, who she says is her husband, but who denied knowing her longer than 24 hours, were taken into custody as they sought to flee in an automobile. No formal charges have been placed against them pending completion of the police investigation.

### Move May Have Important Bearing On The Coal Strike

#### DEVELOPMENTS IN COAL MINE SITUATION

(BY THE ASSOCIATED PRESS)  
Government plans to establish priority orders for the movement of coal went into effect today.

Iowa miners refused to enter a separate state conference. Southwestern miners drafted qualified refusal to the invitation of operators to hold a district conference.

John L. Lewis, president of the mine workers, and Pennsylvania sub-district presidents met to consider the strike situation.

Illinois miners' board met at St. Louis, but discussions not revealed.

Move in Illinois governor's office to reopen mines at old wages. Indiana and Michigan governors consider further moves in effort to open mines.

Troops sent to Kentucky-Tennessee mines at Fonda. Western Kentucky coal drops \$2 from high prices of last week.

BRIDGEPORT, O., July 26.—Announcement was made here today by Charles J. Albasin, secretary of the Pittsburgh Veln Operators' Association, that the association now stands ready to enter conferences with officials of the United Mine Workers either for the state of Ohio or for the central competitive field with a view to terminating the strike.

This is the first definite announcement by this association of operators which produces more than one third of the entire coal output in Ohio that it was willing to enter conferences with the miners on this basis. The association employs 29,000 of the 50,000 engaged in the industry in this state.

William Roy, vice president of the eastern Ohio district of the miners' union, stated that the announcement by the operators' association might be of great importance when viewed in connection with the conferences today in Philadelphia between President Lewis and district presidents representing the anthracite and bituminous fields of Pennsylvania.

PHILADELPHIA, July 26.—"I have no comment to make at this time," said President Lewis, of the miners' union, when informed this afternoon of the report that the Pittsburgh Veln Operators' Association was ready to enter an Ohio state or a central competitive field conference.

MUSKOGEE, OKLA., July 26.—A "qualified refusal" to negotiate with the coal mine operators in Missouri, Kansas and Oklahoma, Arkansas and Texas for a wage scale that will permit resumption of mining operations in these states has been agreed on by the district presidents of the United Mine Workers of these states and will go forward to the operators on Friday, John Wilkinson, president of District 21, announced today.

PHILADELPHIA, July 26.—John L. Lewis, president of the United Mine Workers, met the district presidents of the anthracite and bituminous coal fields of Pennsylvania here today to consider matters affecting the 310,000 idle mine workers in the state. It was stated by a member of the conference that conditions in Pennsylvania would be reviewed and consideration given to the action of Governor Sprunt in sending troops into the soft coal fields.

Mr. Lewis had no statement to make prior to the meeting.

### Government Takes Over Distribution Of Nation's Soft Coal Supply

WASHINGTON, July 26.—(By the Associated Press)—While the administration continued to await results of the attempt to operate strike affected mines, at the same time continuing its policy in the rail strike to support of the railroad labor board as the only authorized agency to deal with it, the interstate commerce commission put into effect today

transportation routing and priority orders as the basis of the program for control of the country's depleted coal supply and transportation facilities.

Having joined in the fuel distribution plan thus prepared for, producing operators and railroad traffic experts today awaited the word from

### FRENCH GIRL SUES JAMES DE ROTHSCHILD FOR HALF MILLION DOLLARS

NEW YORK, N. Y., July 26.—(By the Associated Press)—James A. DeRothechild, a member of the famous Rothschild family of France, was sued for \$500,000 damages in state supreme court today by Marie Porquet, a French girl, who alleged she came here last spring on his promise to marry her and that he has since refused to fix a date for the marriage.

He is a son of Baron Henri DeRothechild, head of the Rothschild family. A statement issued by the baron's counsel, Edgar T. Brackett, declared the Frenchman "denies most strenuously the statements of the plaintiff and says that the claim that he ever promised or contemplated marrying her is absurd and without the slightest foundation." The defendant now is in Paris. The complaint was served on him here at 375 Park avenue.

M. DeRothechild, according to Mlle. Porquet's attorneys, is the eldest son of Baron Henri DeRothechild, and is 27 years old. He is unmarried and was widely entertained when he came to the United States in March for a tour of this country. Mlle. Porquet is 24, and is hiding in New York City, the attorneys said.

### To Burn Oil In Furnaces

CHICAGO, July 26.—(By the Associated Press)—Several Chicago industrial plants are preparing against a shortage of coal by hurriedly equipping furnaces and boilers with facilities for burning oil as fuel, it was learned here today.

Thirty per cent of the city's pumping stations and incinerators have been equipped with oil burners, according to Deputy Commissioner Burkhardt.

Armour & Company and Swift & Company are among those preparing to substitute petroleum as fuel in case of necessity, it was learned.

The cement industry is beginning to feel the pinch of restricted coal supplies. William M. Kinney, general manager of the Portland Cement Association, said in a statement. Some plants, he added, have been forced to close and it is probable others may have to do so or operate on part time unless relief is had soon.

W. H. Waugh, C. & O. switchman at Russell, suffered the loss of his right hand Tuesday morning while engaged at his work in the yards. Mr. Waugh had just alighted from a moving car when he tripped and fell, his hand extending across the

rails and the wheels passed over it, severing practically the entire hand at the wrist. The injured man was rushed to the Marting Hospital, where amputation was performed and he was reported last night as resting easily.—Irononian.

### LITTLE BETTY DAVIS SUFFERS PAINFUL ACCIDENT; TEAR DUCT IS INJURED

While playing with a bull pup on Brush Creek near Rushtown Tuesday, Betty Davis, seven year old daughter of Mr. and Mrs. J. Frost Davis, 1557 Fifth street, suffered a most painful injury, the tear duct of her left eye being torn when the pup clawed the lower eye lid. The little girl was playing in the water and had the pup with her when it suddenly clamped her lower left eye lid and injured the tear duct so that tears flowed down the child's cheek continually instead of passing through the throat and nostrils as normal conditions.

Betty stood the operation splendidly and this afternoon was taken from Schirman hospital back to the Davis summer camp at Rushtown. She will be brought to the city for treatments.

#### Don't Spoil Your Child's Hair By Washing It

When you wash your child's hair be careful what you use. Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is Mulsified coconut oil shampoo, for this is pure and entirely greaseless. It's very cheap and beats anything else all to pieces.

Two or three teaspoonsful of Mulsified in a cup of glass with a little warm water is all that is required. Simply moisten the hair with water, and rub it in. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, frost looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff. You can get Mulsified at any drug store, and a few ounces will last everyone in the family for months. Be sure your druggist gives you Mulsified. Advertisement.

## CIRCUS NOT COMING

No circus for Portsmouth Friday. The manager of the big Hagenbeck-Wallace called the Times this afternoon and stated that owing to the strike the contract to take their train to Chillicothe, Portsmouth and Ironton had been cancelled and that it would be necessary to pass up these

cities until later in the fall when an effort will be made to show in the cities in this section.

The show is in Lancaster today and will lay-off there tomorrow. Friday the circus will move to Washington C. H. over the Pennsylvania lines

and will show there Saturday. The circus was to have been in Chillicothe Thursday, here Friday and Ironton Saturday.

The manager also stated that a representative of the circus would be here in a few days to pay all bills contracted in the billing of the circus.

## Strikers Name 3 Delegates To Appear At Injunction Hearing

Selection of the men who would represent them in Judge Peck's court at Cincinnati tomorrow when a hearing is held on granting the N. & W. a permanent injunction against the striking shopenmen was the main work before the shopenmen when they met this morning at nine o'clock in Central Labor Council hall, with a large number present. C. H. Chase, chairman of the Federated Crafts, Robert Dodds, machinist and O. F. Strong, carman, were the three men selected to represent the Federation. Attorney Nicholas Klein of Cincinnati, will be the legal representative of the local Federation.

Asked today if the strikers intended to stage a parade and hold public meetings like strikers are doing in other cities, it was stated

that a parade and public meetings may be held in the future.

The three men put to work by the C. & O. yesterday on the ferry and South Portsmouth passenger and freight station are still at work and local agent D. A. Grimes of the C. & O. said today that several more men would be on the job within a few days. Although trains are still running the service is not up to normal. Mail is being moved regularly, passenger trains are running almost on scheduled time and freight service is slightly below normal.

## Hon. Homer Durand Here, Says That He Is Only Republican Candidate Who Can Win

"Reduction of the Evils of Administrative Government," is the topic of the address to be given by Homer Durand, candidate for the Republican nomination for governor of Ohio, on Government Square at 7:30 o'clock this evening. Mr. Durand arrived at noon today and will give the speech tonight which is one of the last to be given in his state campaign. He spoke in Zanesville and Mt. Vernon yesterday and was anticipated to deliver an address to the local railroad men this afternoon, but due to the meeting being held this morning, his afternoon engagement was called off.

Mr. Durand received a big welcome at Mt. Vernon, where his backers had only 48 hours notice of his coming, but had a crowd of 750 to welcome him. He expects to carry Mt. Vernon and Knox county, which he claims the driest county in the state, by a vote of 2 to 1.

Mr. Durand also stated that he is the only Republican candidate for governor that can be elected if nominated and that if he is not nominated at the primaries, a Democratic nominee will be the next governor of the state of Ohio.

## \$50 Fine Penalty For Assault Made By Red Clifford On Gas Station Man

Admitting guilt of assaulting Noah Payne last Saturday night at the filling station at Gallia and Sluton streets, Pete "Red" Clifford, 1402 Findlay street, was passed a fine of \$50 and costs by Judge McCall in Municipal court Wednesday.

Before passing sentence the court heard the statements of Payne, the complainant, and William Bricker, an eye witness to the trouble. Payne stated that he was attacked by two men who drove up in a machine to the filling station, where he is employed as clerk, and called for a quart of oil. He declared that he was suddenly struck by the men as he walked between them towards their machine with the oil. He said that he did not recognize Clifford at the time, but admitted that he had some trouble with the latter some three or four years ago when he was a patrolman. He also admitted that he was indicted and fined \$30 for assaulting Clifford and Charles Le-

emer on that occasion. William Bricker saw the men attack Payne and pulled one of them away when Payne was knocked down. He said there were no weapons used.

A second charge against Clifford for fighting his brother, Rabbit Clifford, was dismissed because the latter failed to appear to press the complaint.

Clifford was represented by Attorney H. L. Small.

## Excursion Boat Coming

Portsmouth is to be visited on August 4 and 5 by the Mississippi excursion steamer G. W. Hill which has been running between St. Paul and St. Louis. The boat is now on its way up the Ohio and will be at Cincinnati August 2 and at Mayville August 3. It will go up the river as far as Wheeling and will then start the down trip. The August 4 excursion will be a moonlight ride given by the boat people. On August 5, the boat will probably be chartered by some local organization.

D. W. Wishard of the Wishard Line Steamers was in the city today making plans for the two excursions of the Wishard Line with offices at Quincy, Ill. The G. W. Hill is a five deck boat with a capacity of 2000. It is 200 feet long and 40 feet wide with an open dance floor 40 by 130. The boat carries its own orchestra called the New York 20th Century orchestra. Mr. Wishard claims the G. W. Hill is "a real boat giving real service with everything clean."

## ALLEY HOUSE CASE CONTINUED

William M. Payne appeared in Municipal court Wednesday and pleaded guilty to violating the building code ordinance by erecting an alley house on the rear of his lot at 413 Second street, but on his promise to abandon the house for living purposes and comply with the ordinance in the future, Judge McCall continued the case for developments.

Payne, who was represented by Attorney B. F. Kimble, stated that he erected the building for a garage and to store his stock of goods in event of a flood and only rented the second story for living quarters temporarily. The complaint was filed by Service Director William Gergens.

## Knight's Manager Demands Right Of Naming Inspectors

COLUMBUS, Ohio, July 26—A demand for the privilege of appointing challengers and inspectors of the primary election count in Cincinnati, Cleveland, Toledo, Columbus, Akron, Dayton and Youngstown was filed today by Senator George H. Bender, of Cleveland, campaign manager for Congressman Charles L. Knight, of Akron, one of the nine Republican candidates for the governorship nomination.

Authority for this action is based upon Section 4.978, general code, a part of the so-called honest election laws.

Without any mincing or mulling, Senator Bender makes it clear that this is a drive against corrupt work on the part of professional machine politicians.

In the light of what happened in Cincinnati during the last Presidential primary election, when in certain districts the opposition received as few as one vote and in other districts no votes at all, and because it is alleged that whole graveyards were voted, not only in that election, but in others, it is absolutely essential that we have men and women on the job to witness the count and obtain a square deal for Mr. Knight," Senator Bender stated.

#### Designing Fine Homes

C. C. Taylor, local architect, is designing two very fine homes to be located in and near Cincinnati. Stanley, of Milford, O.

## SUNDAY BAND CONCERTS ARRANGED BY EXCHANGE AND KIWANIS CLUBS

The much discussed band concerts in the old Children's Home park are assured for the remainder of the season, on Sunday afternoon, the Exchange and Kiwanis Clubs of the city, having agreed to sell enough tickets to finance the proposition. The plan was adopted by the Exchange Club last evening at its meeting, and the Kiwanians will formally ratify the plan at their meeting Thursday. The plan is to give eight concerts on Sunday afternoon, the first one to be on August 6.

In addition two concerts will be given during the winter at the high school, to which ticket holders will be admitted without extra charge. It is planned to make these public concerts a permanent affair in Portsmouth. There will be no collection nor charge of any kind at the concerts, which will be absolutely free to the general public. The expense is to be borne by the ticket purchasers.

At the meeting of the Exchange Club last evening, arrangements were also made for taking the Children's Home kiddies to the Hagenback-Wallace circus Friday. Members of the club will meet at the plant of the Kelly products company, Gay and Seventh streets at twelve o'clock sharp, and go to the Home grounds where the children will be picked up. Each child will be given a bright new quarter, which is to be spent as they desire, the only provision being that the money is to be spent. The circus management has donated the tickets for the children. The club members do not want the children to miss anything that would make the afternoon a most enjoyable one.

The Exchange Club committee on the band concerts consists of Dr. F. A. Coburn, D. E. Gardner Jr., and D. D. Mitchell. The committee on the circus party consists of Forest L. Williams, J. Frost Davis and Eric Ferguson.

Final plans for the sale of pure bred livestock to be held on the last day of the Scioto County Fair at Lucasville were made Tuesday night at a meeting of the Scioto County Pure Bred Livestock Association, held at the office of the Farm Bureau on Fifth street. From reports already obtained close to fifty head of cattle and hogs will be offered for sale by breeders of pure bred stock who are anxious to see other farmers replace scrub stock with pure bred animals.

Catalogues of the fine animals to be placed on the market at very low figures will be ready for distribution in a few days. The catalogues will be distributed from the Farm Bureau office and by E. C. Moulton, secretary of the Association. There will be offered at the sale, Jersey, Shorthorn, Hereford and Aberdeen Angus cattle, all in first class condition and tubercular tested, and each animal guaranteed to be a breeder. The choice livestock of the county will be listed for the sale which is given more to help raise the standard of Scioto county than to make money.

## THE SIXTH PRUNE

I read a boarding house story recently in which the landlady had every meal figured out as to the amount and kinds of meat she could serve each day, spoonfuls of gravy, and on down to the number of prunes required to give each boarder five prunes and two spoonfuls of juice each meal.

I would never be satisfied to see how little I could give my customers for their money. From the very first day I started in business I gave my customers the sixth prune and depended on that customer to come back. Some of them say "Yes, he's high priced, but his shoes are good and he knows how to fit them." Thus again giving them the "sixth prune", and by the way men, why not be fitted in a pair of those cool palm beach oxfords,—good for several seasons. A trial proves the worth.

Mr. Durand is not a stranger in this city, having appeared here on several former occasions in local option campaigns as the champion of the liberal forces. He is a splendid orator and a big audience is expected to be on hand and give him a warm greeting tonight.

The distinguished speaker arrived in the city at noon and he was met at the station by a number of friends, who accompanied him to the Washington Hotel, where he will stay while in town.

## Wellston Horseshoe Pitchers Accept Challenge

Wellston has accepted Portsmouth's challenge to a horseshoe pitching match.

The Wellston devotees of the good luck game proved themselves to be game sports. When they received the Portsmouth challenge, they did exactly what good sports should do, when challenged to a friendly contest by a neighboring community. They organized an elimination contest to see who should have the honor of meeting the challengers.

By the result of the tournament, Lauderhill, Lambert, O'Neil, Quikie, Wm. Gettles and last but not least, Fletcher Hutchinson, were selected to meet the coming invaders, and Thursday, August 3, was set as the date of the contest at Wellston, the date of a return match to be decided on later.

The date was at once accepted by Portsmouth and the committee on arrangements selected J. Massie, D. Massie, Norman Kitchen, Earl Gerald, Merrill Higgins and Dodge with Harry Bierley and Wm. Mitchell at alternates, to represent our own Peerless City, in the contest at Wellston. The contest will be pitched under the usual rules. Any pitcher who is going bad may be taken out at any time and another player substituted and secondly, the sum total of games won in the two matches, the one at Wellston and the one later at Portsmouth is to decide which city is champion as between the two cities.

### Auto Vs Motor Cycle

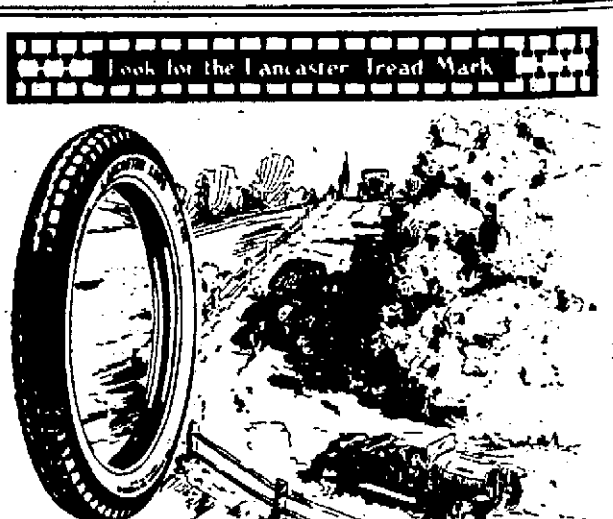

When an automobile driven by O. B. Lampton of 1124 Third street and a motorcycle driven by Dan Haislett, colored, of Star Yards, collided last evening about 6:30 at Eleventh and Chillicothe streets, Haislett suffered a badly bruised leg. Haislett was driving west on Eleventh and attempted to turn north on Chillicothe while Lampton was driving south on Chillicothe and attempted to turn east on Eleventh. The machines were only slightly damaged, Haislett and Lampton applying the brakes and endeavoring to stop before the machines met.

## Adventures Of The Twins

BY OLIVE ROBERTS BARTON

FLOP FIELDMOUSE had a bad habit.

He had a hundred relatives in Bright Meadow—the Meadow-Mouse family, the Harvest-Mouse family, the Jumping-Mouse family, the House-Mouse and lots of others.

And here's what Flop would do: He'd visit 'round about meal-time and find out what they had for dessert.

Then if he didn't like it, he'd go on to his next relative's house and sniff around and find out what they had, and stay there if it suited him. If not, he'd go on to his next relatives.

One day Flop struck it lucky. The Meadow-Mouse were having cherry-pie for dessert.

That suited Flop. So he stayed and ate three pieces of pie.

Luck was with him. He wandered on to the Harvest-Mouse just to find they were having strawberry short-cake!

So he stayed and had two pieces. On his way home he walked slowly for he was pretty full; but passing his aunt's, Mrs. Jeannine Jumping-

## Miss Dolly Wise

She is here to answer any and all questions concerning love, matrimony, troubles, woes, etiquette, etc. Inquiries should be addressed to Miss Dolly Wise, care The Daily Times, Portsmouth, Ohio.

Dear Dolly—I am a young girl of 16 and greatly to love with a man of 25. I have blue eyes and red hair and he is a brunet with black hair and eyes. Do you think he loves me?

SUE  
I not only think that he loves you but I know it. Any man of 25 who could resist the youthful loveliness of 16 is beyond me. If he hasn't already told you how much he loves you it's because of the ascension of that vital organ, namely, the heart, to his mouth, thus affecting his speech. Give him time and maybe you'll find out what true love is some day, from some one else.

Dear Dolly—Would like for you to tell me how the roads are for automobile travel between Huntington and Port Gay, W. Va. Also from Catlettsburg to Louisa, Ky. Which of these routes is the best? Thanks.

S. S. S.  
You may obtain this information from the Portsmouth Automobile Club, Chamber of Commerce building.

Miss Dolly Wise—As you seem to know almost everything that is going on in this world, I would like to ask you a question that has been puzzling me for a long time. I notice a bunch of men around the Y. M. C. A. and all at once one gossamer fellow will say "Murf" and another fellow will say "Murf" and another fellow will say "Murf". If you know the meaning of this I wish you would tell me.

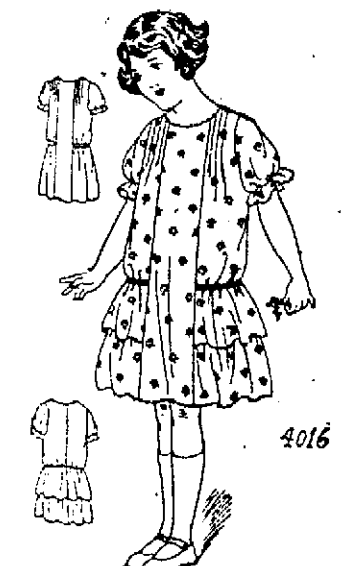

JIP  
It's a secret language they have of telling each other that there comes that little girl who notices and hears everything they do and say, about that time.

Dear Miss Wise—Would you please tell me whom to go to for information about exhibiting "fancy work" at the fair at Lucasville. X. Y. Z.  
Call 1184 and ask for L. Taylor who is in charge of the art department.

Dear Dolly—I am a young man 22 years of age and am in great distress. I am in love with the most wonderful girl on earth, but she "ditched" me.

### Alkali in Shampoos

Bad for Washing Hair

Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.  
The best thing to use is Mulisified coconut oil shampoo, for this is pure and entirely greaseless. It's very cheap and beats anything else all to pieces. You can get Mulisified at any drug store, and a few ounces will last the whole family for months.  
Two or three teaspoonfuls of Mulisified in a cup of glass with a little warm water is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff. Be sure your druggist gives you Mulisified.—Advertisement.

## BRINGING UP FATHER

## LECTURE CLOSSES SUCCESSFUL CHAUTAUQUA

The Coit-Alber Chautauqua closed its seven day course last night with Ruby Gall's Light Opera Revue, and Dr. Allen D. Albert's lecture, "New Social Influences." Yesterday afternoon the pageant, "Conquests of Peace," was followed by Ruby Gall's Light Opera Sextette.

"Conquests of Peace," the pageant given by local children, under the direction of Mrs. E. W. Miller Jr., chautauqua leader, and Miss Ruth Patton, was quite a success.

Involving costumes added much to the picturesque settings and the graceful dances. The pageant was followed by a program of vocal music by the Ruby Gall Sextet.

Last night the same company presented numbers in costume, from "Robin Hood," "Carmen," "Serenade," "Madame Butterfly," "The Sun Shiner," "Mikado," and several popular musical comedies. The numbers were enthusiastically received.

Dr. Allen D. Albert delivered his lecture, "New Social Influences," as the final number of the course. He mentioned, as the greatest American social influence, plumbing and refrigeration. Dr. Albert quoted an English princess as saying, "I would like to have for my wedding present a bathroom of the kind that Davy says they have in America." Modern methods of plumbing and refrigeration have done more to promote good health conditions than any other factors.

Thirty years ago we had a government of property; today we have a government of humanity," he said.

Among other very great modern social influences, Dr. Albert mentioned "the education of women," which has brought about the revolution of a partnership home; the automobile; and the movie, which is a splendid thing misused. "The thing that the movie producer forgets is that Americans are fundamentally decent," added Dr. Albert.

Dr. Albert showed that general compulsory education is bringing about the disappearance of the servant class; and he calls this great change as the dawn of a new day.

Rev. C. E. Serengetine, president of the Ministerial Association, under whose auspices the chautauqua was held, said today that he could not make any statement regarding a chautauqua for Portsmouth next summer.

"We do not now know whether the Ministerial Association will promote one next year or not," he said.

## Back to the Grain Fields for Health

GRAPE-NUTS is a regular "three bags full" of the best food qualities of whole wheat flour and malted barley, carefully mixed and slowly baked—

To develop all their appetizing flavor,

To preserve all their wholesomeness,

And to provide nature's "broom" that keeps the digestive system spick and span.

There's not a bit of artificial sweetening in Grape-Nuts—it just becomes sweet of its own accord in the long baking.

And that enticing flavor—how good it is with good milk or cream! Fruits, too, fresh or cooked, add to the delight of a dish of Grape-Nuts, morning, noon or sundown.

It is a compact, ready-to-eat food—no cooking needed. Why not try it for tomorrow's breakfast?

## This Nurse Tells Mothers

How to Save Children from Skin Irritations and Soreness

West Carthage, N. Y.—"I am a graduate nurse, and I feel it a duty to owe to mothers whose little ones suffer from chafing, rashes, itching, scalding, or any skin irritation or soreness, to tell them that in all my experience as a nurse I have never found anything equal to Sykes Comfort Powder to heal and soothe the skin. Habitually used after a child's bath, it heals and prevents soreness and rashes."—Mabel E. Miller, R. N., W. Carthage, N. Y.

The reason Sykes Comfort Powder is so successful in such cases is because it contains six healing, antiseptic ingredients not found in ordinary talcums. For twenty years it has been used and endorsed by physicians and mothers, and nurses call it "A Healing Wonder."

Want State To Regulate Coal Mines  
AKRON, O., July 26.—(By the Associated Press)—Resolutions recommending that the coal mines be declared public utilities and that they be regulated by the state public utilities commission were passed by the Chamber of Commerce last night. The chamber also asked that the public be represented in fixing the wages of the miners. The chamber objects to government interference and declared that federal control of the mines is undesirable.

**THE Fisk Cord** is giving more value in service this year than was ever put into a tire of any kind before.

The buying public knows it, too—for, even though the Fisk factory, working at capacity, is bending every possible effort to build them, it has had difficulty in keeping up with the demand.

Before you buy any other tire, compare it with a Fisk Cord—the tire whose distinctive extra quality you can see and feel, weigh and measure at the time you buy.

There's a Fisk Tire of extra value in every size, for car, truck or speed wagon

### OBITUARY

Mrs. F. B. Shy

Death in all its mystery visited the home of F. B. Shy on Tuesday afternoon, July 25, and claimed for its victim, the wife and mother, Josie M., the only child of George and Julia Meyers, of Wakefield, O. She was born Jan. 23, 1860, at Pine Grove, Lawrence Co., O., and was 56 years, 5 months and 25 days when claimed by death.

She was united in marriage to F. B. Shy on March 6, 1884. To this union six children came to bless the home: Mrs. Pearl I. Lochbaum of Omega; Mrs. Odessa E. Vulgamore, Mrs. Julia A. Barrett, Lester M., and Fred B., Jr., of Portsmouth. About six months ago she became affected with a malignant growth. She sought every available means of relief, but there was none to be found.

Mrs. Shy was a devoted companion and valuable helpmate to her husband. She was a business woman, possessing a rare gift to grasp a business situation and handle it successfully. She was of a kind and loving disposition, a great lover of home, and her greatest pleasure was to look after the welfare and comfort of her family. The attachment of the children to their mother has been beautiful to behold. They have performed all the kind offices of dutiful children to a sick and suffering mother. Ever mindful of her loved ones, she bore her suffering peculiarly to her disease with great patience and fortitude. Mrs. Shy was a type of citizen the community can ill afford to lose. Integrity and straight forwardness were her maxims and she believed in the "Golden Rule." She has led a life of usefulness, was kind and charitable to everybody, was always willing to comfort the afflicted and to assist the needy.

To mourn her death besides the above mentioned, she leaves her aged parents, four grandchildren and numerous relatives and friends. There is no word so beautiful as "Mother." A flood of memories crowd upon us in which Mother is the central figure. How well it all seems when we think of Mother, in the home, toiling, watching and slugging the years away.

Only 56 years—yet if it were a century of years we would never be ready to say good bye to Mother. A thousand miles may separate us, but the angel face, the gentle spirit, the mother personality is always present, always vivid in mind.

On Friday afternoon at the home where she had spent all her married life, the last rites were held with Rev. N. E. Butler of Lancaster officiating.

The floral tributes were especially beautiful, bespeaking the esteem in which the deceased and family are held in the community.

Those who attended from a distance were: Mrs. John Doty, Mrs. M. E. Shy, Mr. Walter Shy, Mr. and Mrs. James Lankford, of Mechanicsburg; Mrs. John Valley, of Earnest Valley; Miss Catherine Valley, Mr. Earnest Lankford, of London; Mrs. Geo. Hines and son Robert of Sedalia; Mr. and Mrs. Glenn Topp of Canton; Rev. N. E. Butler and Mr. Albert Shy of Lancaster; Mr. C. F. Martin, Mr. John Monery, Miss Pearl Meyers, Miss Minnie Kroger, Mr. Chas. Marting and Dr. Clark Lowery, of Ironton; Mr. and Mrs. Y. Y. Brushart, Mr. Thomas Brushart, Mr. and Mrs. Frank J. Marting, Miss Celine Hurns, Misses Claire, Kate and Cullen Marsh, Mr. John Dearford, Misses Jessie, Tillie, Margaret, Mayne, Genevieve, Cecelia, Elizabeth and Renee Dearford, Mrs. Frank Kilhenny, Mr. and Mrs. E. A. Martin, Mr. John Vance, Mr. Guy Vance, Mr. and Mrs. Claude Vulgamore, of Portsmouth; Earnest Marsh, of Wheelersburg; Mr. and Mrs. Chas. Condon and Miss Thelma Condon of Pelee.

The pall bearers were Herman Shy, Jr., Earnest Valley, Fred Dearford, Walter Shy, Earnest Lankford and Albert Shy.

## BEGIN HERE TODAY

What horrible and mysterious power was forcing the three Drake brothers, HOBART, Wall Street broker, ROGER, eminent scientist, and

ANDREW, recently returned from Australia, to place themselves in ridiculous situations? Some power had forced Hobart to deliver a mock address in the public square, Roger to burlesque a scientific address and Andrew to sit on the parlor floor and play with toys. The three appear terror-stricken and without their knowledge

PATRICIA DRAKE, daughter of Hobart, secures

OWEN MILES, detective sergeant, and his colleague.

SCOTTIE MCCREADY, to investigate. Miles is employed as a houseman and Scottie as gardener. Following a series of mysterious events, Patricia suddenly disappears—an event which Miles cannot understand as he and Patricia were in each other's confidence. Possibly the attempt of her spinster aunt.

MISS JERUSA DRAKE, to break up a love affair with RICHARD KEMP, has been the cause. Miles is suddenly summoned by Hobart Drake.

(Continued From Last Issue)

CHAPTER XV

HOBART'S reply was a smothered cry and Miles and Scottie had only time to regain the shelter of the rear staircase when Miss Drake swept across the hall and to her own room.

"So she knows, does she?" Scottie

rubbed his chin. "I wish to the Lord that we did, but it's my opinion we'll find out nothing more this night."

Scottie was right. Nothing happened until the next morning when Zora appeared in the garden and had the older man summon Miles.

"Where can we talk?" Zora asked as Miles appeared.

"Just down the road here. I understood your message Sunday evening, of course. Did you trace the—er—bill of lading?"

Zora nodded smilingly as they strode along the road toward the weather-beaten shed.

"Yes. She is at Freedale at the home of a certain estimate but somewhat peppery old farmer named Higgs."

"Elphaleet?" exclaimed Miles. "His sister Hitty has been a maid here in the household for a generation but I never thought of him! How did Miss Patricia happen to go there, and why?"

"Perhaps you had better read her letter first," Zora glanced at the rumpled envelope and produced a small, bulging envelope.

Miles tore open the envelope and took from it two folded slips of paper.

"Dear Sergeant Miles:

"Mr. Zorn will tell you how he found me and why I stayed away. I have promised him I will come home this afternoon. I had to tell you first, though, that I have broken our agreement. I am sending word to Mr. Kemp to meet me and I mean to tell him as much as I can without being disloyal to my family. After all I have been through I don't know what to think except that we have terrible enemies who will stop at nothing and I am nearly crazy. Please guard my father and the others well and find out what it is that threatens them before it is too late! Don't let them know what happened to me. I am going to tell them I left because they treated me so sternly. The paper I am sending with this will show you why I left the house without trying to see you and put into your hands. I only found it a little after ten that night. Perhaps it will help you to trace the dreadful woman who wrote it and the men who are in her pay, espe-

cially the one with the tattoo mark on his arm.

Hastily.

Patricia Drake.

"This letter doesn't tell me much except that the young lady is on the verge of hysteria," he commented.

Miles had unfolded the second note. It was comparatively brief, and although its fine, cramped, shaken hand was unlike any that he had studied before during his investigation, there was yet something vaguely familiar about it which arrested him.

"My dear child," he read.

"Great trouble has come upon your esteemed father and your uncles and compelled them to do the strange things which have so distressed you of late. Now they are facing ruin and disgrace through no fault of their own, but you, my dear, can save them."

"I have known your family for many years and it is my duty to tell you the truth. I am an infirm old woman and live at some distance, but my car will be outside your gate at eleven tonight and my servants are to be trusted to bring you safely to me. I will make you comfortable for the night and you may return in the morning."

"Watch for the flash of light twice in the road and be prepared to come at once, telling no one, or I cannot help you. Have faith in me for my only wish is to keep you and yours from greater suffering."

A friend.

"Great heavens!" exclaimed Miles. "Anyone but an unsophisticated child like Miss Patricia would have seen at a glance that this was the work of a madman!"

"Tell me what she told you, Zorn: what happened to her?"

"She says that Saturday night she saw that note lying on the floor just under her opened window. She never thought of doubting the good faith of the infirm old woman, threw a few things into a bag and waited for the signal. It came and Miss Patricia slipped down the drive to where a limousine stood at the gate with one man behind the wheel and another holding the door."

"After that things happened too quickly for her to utter a cry. The man took her bag, clapped his hand over her mouth and bundled her in also, and they were off. She remembers struggling, but a sweetish-smelling cloth, chloroform, probably, was placed over her face and then everything was a blank."

"When she came to herself there was a rush of cool air in her face for the window behind the driver's seat was down and the two men were talking."

"Her heavy headed handbag was still on her arm and without stopping to think she smashed the man

over the face with it, tore open the nearest door and jumped, rolling over and over into a ditch. They cursed and halted but another car was coming and that gave her an opportunity to scramble up and over a low stone wall into a mass of wild shoots growing by a brook.

"They gave up hunting for her and drove off. She stumbled along in the darkness with sense enough to keep to the main road. A moving car came rumbling along and on an impulse she halted it; she says the idea flashed across her mind that if she could find out the name of the nearest village and get word to Mr. Wells he would keep her confidence and come to take care of her, at the same time sending a warning to you."

"When she asked them where they were going and they told her 'Freedale' Miss Patricia thought at once of this Higgs and got them to give her a lift."

"Whatever they thought, they let her climb in and on the way she arranged with one of them to take that note to Wells' house when they got back to the city in the morning. They reached Freedale at dawn and Miss Patricia got down and went directly to the Higgs place."

"Did she recognize either of the two men who abducted her?" demanded Miles.

"No. But when one of them flung her traveling case into the car she saw that his sleeves were rolled up and a device of some sort was tattooed on one arm."

"Tell me how you located Miss Patricia," asked Miles.

"The scrap of paper she had used for that message to Mr. Wells started me in the right direction," Zorn replied. "I caught the first train to Brookside. It wasn't difficult to locate a new family named 'Slocum' and learn the name of the furniture mover."

"The boss of the moving gang described the house at Freedale where he had left the girl. I took the early afternoon train and located the girl at the Higgs place."

"Did you see Wells last night at eleven?" asked Miles.

"Yes. It came near being a disastrous appointment for me."

# DANDY FIGHT CARD AT CASINO TONIGHT

**TONIGHT'S CARD**  
Main Go—"Nig" Blair vs. Earl Butler.  
Frankie Wells vs. Kid Duffy.  
Nub Burt vs. Pete Sullivan.  
Also 4-4 round opener.  
Place—8:30 o'clock.  
Place—Millbrook Casino.  
The above in a few words explains what is offered boxing fans of this city this evening at Millbrook Casino starting at 8:30 o'clock. Thirty-four rounds of real boxing is promised by the Portsmouth Boxing Commission, the organization that is promoting this boxing show.

The main go is sure to bristle with all kinds of action. "Nig" Blair meets his weight and match in Earl Butler of Chelmsford. Butler fought with Blair here last winter and earned a draw. The outcome of that go means both lads will be in the ring tonight fighting tooth and toenail to earn a clean cut victory. Butler comes highly touted and it will be hard work for the local lad to retain his laurels. This main go is scheduled for ten rounds.

Chillicothe way and he meets a lad of his own style in Kid Duffy the local boxer who has been training hard for this matchup for he wants to show local fight fans his ability. The second six round bout will be between Billy Ails of this man's town and Battling Schell who hails from the same place. Fight fans know Ails and his work and are anxious to see Battling Schell perform. The first six round bout will be between the heaviest lads on the bill Burt and Sullivan, Nub Burt vs. a local fighter who has performed several times. Pete Sullivan is from

Chillicothe and will give Burt a real battle. These lads weigh 145. Before the card starts tonight the Commission expects to have a four round prelim booked, the performers to be local lads of some ability. Hughie Knolly will be the third man in the ring for all hours except the main go when he will go to Blair's corner. Hughie is now in charge of Blair. The advance seat sale for the show is big and from all indications a big crowd will be on hand to witness the boxers mix it up.

## Victories By First Placers Feature Yesterday's Games

NEW YORK, July 26.—The St. Louis Browns and New York Giants had finger holds today on their leadership in the American and National league races as a result of their victories in the opening games of the crucial series with the New York Yankees and St. Louis Cardinals.

Two and a half games separated the leading American league rivals as they opened the second encounter, while the chief combatants in the National had a gap of but half a game between them.

"Disastrous!"

"When I left his house somebody tried to hold me up; hit me with a blackjack and only the soft felt hat I was wearing saved me from being knocked for a goal! See?" Zora removed his cap and displayed a strip of plaster where his smooth, blond hair had been clipped away. "He sneaked up from behind and landed on me, but something must have scared him for he took to his heels and was gone before I could recover sufficiently to give chase. It's on me, isn't it?"

"It certainly is," agreed Miles, but there was a peculiar quality in his tone. "Are you going back to the city now?"

"After that things happened too quickly for her to utter a cry."

"I wish you would deliver this letter. I don't trust them to the mails and time is an essential factor. It is to Professor Nigel Lorton, at the Archaeological Museum."

It was late that afternoon before Patricia put in an appearance and there was a new, shy dignity in her bearing that silenced the reproach upon her aunt's lips.

Roger had appeared at luncheon more wan and fragile than ever, but later Miles had caught a glimpse of him tottering down the drive muffled to the ears in a greatcoat in spite of the mild spring weather, and wondered what errand could have dragged him forth. The return of Patricia, however, turned his thoughts to other channels and the arrival within an hour of an unexpected caller banished all idle speculation for the time being from his mind.

The caller was Miss Ora Hawks but the transformation in her appearance was remarkable. If she had not quite succeeded in regaining the last years of her youth she had made a victorious effort to mitigate the inroads of time.

The butler served tea in the drawing room, but the detective knew that although Carter had been sent to summon both Hobart and Andrew only the latter appeared and that reluctantly enough. Miles loitered in the hallway below trying in vain to catch a word of the conversation between Miss Hawks and her former swain.

All at once the heavy portieres parted and the visitor reappeared. It was doubtful if she was conscious of the pseudo-houseman's shadowy figure in the background as she made for the front door, calling back over her shoulder with a quick, convulsive catch of her breath.

"No, don't trouble, please! I can find my way. Tell Jeremiah I—I will see her soon. Goodbye!"

It was not the words nor the tone in which they were uttered which for a moment held the detective rooted to the spot, but the dazed look of half-incredulous wonder upon the woman's face and the glint as of dawn's fear in her eyes.

Scarcely had the door closed when there was a crash in the drawing room followed by the hiss of flame and a man's bellow of profanity mingled with pain.

A pungent odor of smoldering cloth assailed his nostrils stiflingly as Miles dashed the portieres aside to behold Andrew tearing off his scorched coat from which a curl of acrid smoke arose and stamping out a tiny bluish flame that darted across the rug from beneath the overturned tea-table.

"That three-legged stand!" the latter growled beneath his teeth. "Help me get this off, William, never mind the rug."

"I'm afraid you are badly burned, sir," Miles ventured.

(Continued In Our Next Issue)

Urban Shooker recovered his ability to jinx the Yankees, after four straight setbacks and weaved a shut-out spell while his mates knocked Mays from the box and tallied eight runs. Ken Williams lashed out his 22nd homer and scintillated in the field.

The Giants had a more strenuous time with the Cardinals, winning 8-5, chiefly by virtue of a seven run melee in the fifth that drove Bill Doak from the box. St. Louis rallied in the ninth and came within a run of tying tallies of Fred Toney.

Ty Cobb took the American league batting leadership from his St. Louis rival, George Sisler, by a margin of one point, as a result of obtaining four hits off Walter Johnson and leading his team to an 8-5 victory over Washington. Cobb's unofficial average today was .411 and Sisler's .410.

Guy Morton shut out the Athletics in the first game of a doubleheader, but in an attempt to pitch both contests he was knocked out of the box in the fifth inning of the second encounter and the Mackmen broke even with Cleveland by winning 11 to 4.

Blankenship twirled the White Sox to a 3-1 triumph over Boston.

Watson's poor fielding aided the Chicago Cubs to score six runs off him in the fourth and defeat the Boston Braves 6-2 while Cincinnati captured a slugfest from Philadelphia 15-11 in 10 innings. Pittsburgh defeated Brooklyn five to three.

**WITH THE PUGS**

PARIS, July 26.—The French Boxing Federation has ruled that the pugilistic prowess of "Battling" Siki does not qualify him to challenge Georges Carpentier for the light heavyweight championship of the world. Siki was billed to meet Carpentier in September.

TOLEDO, O., July 26.—Joe Schwartz, Detroit bantamweight has been matched to fight twelve rounds with "Fighting" Al Corbett, of Cleveland, here Monday, July 31, it was announced today.

LOS ANGELES, July 26.—Scarcely of seasoned heavyweight boxers in southern California may force Jesse Willard to look to the east for sparring partners, according to Gene Doyle, manager of Willard's training camp here. Willard plans to use plenty of heavyweights in the daily grind of preparation for his proposed championship bout with Jack Dempsey and he is beginning to wonder whether he can find the "plenty" he needs.

**MEET TO POST FORFEITS**

CHICAGO, July 26.—Jack Dempsey, world's champion heavyweight pugilist, his manager, Jack Kearns, with Bill Brennan and Manager Leo P. Flynn, will meet here August 7, with Floyd Fitzsimmons to post forfeits for the Dempsey-Brennan fight to be held at Michigan City, Indiana, on Labor day, it was learned today.

**COBB AGAIN LEADING**

DETROIT, July 26.—Ty Cobb today was back in his old place at the head of American league batters, leading George Sisler by one point. The Tiger manager took the lead yesterday when in five times up he made four safe hits while his rival was getting one out of three.

The figures showed that in 81 games, Cobb has been at bat 319 times, making 131 hits for an average of .411, while Sisler, in 92 games, batted 378 times and hit safely 155 times, making his average .410.

**"Slim" Sallee Signs**

MOUNT VERNON, ILLINOIS, July 26.—Harry "Slim" Sallee, former pitcher of the St. Louis and New York Nationals, has been signed by the local team of the Missouri-Illinois Trolley league, a semi-pro organization. It was announced here today. Sallee recently was released unconditionally by the Toledo American Association club.

**PALMER MATCHED**

COLUMBUS, O., July 26.—Pete Zivic, Pittsburgh bantamweight, and Jackie Palmer, of Akron, have been matched to box twelve rounds to a decision here, July 31, it was announced today.

**ADD TO POLO STANDS**

NEW YORK, July 26.—Plans for a concrete addition to the Polo Grounds bleachers accommodating twenty thousand more persons were announced today by the owners of the New York Giants. The addition will increase the capacity of the baseball stands to 58,000. The work will be completed by fall.

## Leonard-Tendler Ready

As Joe Humphries would announce it—"On the left is Tendler from the Philadelphia mint. On the right is the pride of Wall Street, Leonard."

**By NEA Service**

NEW YORK, July 26.—After issuing many promissory notes, Lenny Leonard, pride of Wall Street, and Lew Tendler, representing the mint at Philadelphia, are all set for the well (rounds will be rung off on a cash register) July 27th at Boyle's Thirty Acres. The meeting will determine whether Leonard is enough of a business man to continue as administrator of the light-weight estate.

Speculators are, as usual, displaying a bullish tone. Advance sales indicate that both men will win.

Despite the fact that it's a grudge fight, the New Jersey Boxing Commission has ordered both contestants to refrain from wearing diamond rings under their gloves. President Harding, it is understood, has promised federal troops to guard the gate receipts in case there aren't enough local police to carry the proceeds to the bank.

## Motor Cop "Ditched" When Pursuing A Stolen Car

An accident terminated a lively chase after a stolen Buick touring car, owned by Joe Davis, of Columbus, Tuesday, when the motorcycle driven by Traffic Officer Stanley Schroeder hit a sand bank and plunged off the road near the Lombardsville school, on the West Side.

The car was stolen from the corner of Second and Market streets Tuesday forenoon, and within a few minutes after the machine was missed the officer started in pursuit of the thief. The officer speeded up

when he caught sight of the pilfered auto ahead and the race was on. On and on they went at a merry clip until the motorcycle struck the sand pile and went into a ditch. Fortunately Schroeder escaped injury, but his vehicle was considerably damaged.

He was compelled to give up the chase and returned to town. The stolen machine was reported to have passed through Honey, but that is the last trace gained of it.

**GAMES THIS WEEK**  
 Wednesday, July 26—N. & W. vs. Central Labor.  
 Thursday, July 27—Vulcan Last vs. Excelsior.  
 Friday, July 28—Circus day; no game.

Wrapping that long sweeping curve around the necks of the Vulcans last night, the Central Labor team, headed by its most artistic pitcher, the Industrial League yards last evening—a triumphing fact, as they did, the "Lesters" could not send a man over the plate and not only had to suffer defeat, but stand right still and have a coat of calisthenics daubed all over their classic brows. On the other hand, the Herd or Herd, now in the lead by two and one-half games, hammered "Doc" Baughman off the hill and pasted the offerings of Manager Shultz to the wall and uncut.

The victors sent home eight large and ornate runs, and are now so well out in front that their pursuers are concluding they will never be heard of. However, they are not having their pictures taken as yet and are not going to pose until all question of ending in, first has been disposed of. That Lewis was strictly on his mettle is shown by the fact he allowed but five hits, two of which were secured by Manager Shultz. Lewis had everything, and best of all, control. He worked the corner of the plate in a most tantalizing manner and was really never in danger. He watched his batters split four errors, but that only made him all the more determined, and but one man got as far as third base. It was a fine exhibition of twirling on the part of the big fellow, who walked but one man. It took the Herd four innings to size up the offerings of Howland and Howland. Until that time only two men had connected safely. But in the fifth, four solid swipes sent "Doc" to the outfield. He was a little off his good control, for he hit three batters while on the mound and that is something unusual for the good-natured gentleman. Manager Shultz went to the mound in the fifth and disposed of his opponents easily in the sixth but was sloughed in the seventh for four runs. The score by innings:

NEW YORK, July 26—The New York Giants retained the leadership in the National League here Tuesday by beating out a nine to eight victory over St. Louis in the first contest of a five game series. It was the first game that New York has won from St. Louis on its home grounds this season. The Giants won the game by a batting streak in the fifth inning which yielded 7 runs and knocked Doak, the veteran spitball pitcher out of the game. St. Louis rallied in the ninth, scoring four runs after two were out and barely missed tying the score.
